

# ESTIMATE AND FORECAST WITH CONFIDENCE

WITH PROJECT COST MANAGEMENT SOLUTIONS FROM INEIGHT

## ESTIMATE WITH CONFIDENCE

Streamline the entire estimating process by creating benchmarked estimates and bid proposals.

## COMPLETE INSIGHT INTO PROJECT PERFORMANCE

Know where your project is going with budget management and real-time forecasting based on actuals received from the field.

# ACCURATE ESTIMATES AND REALISTIC FORECASTS.

Take control of your projects and improve profitability by combining estimating, benchmarking, budget management and forecasting.

## THE BEST ESTIMATING TOOL AVAILABLE

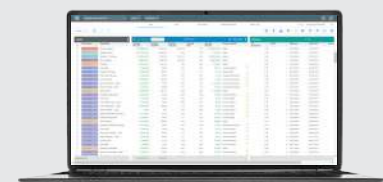

- Have confidence that the job can be built for the budgeted cost.
- Reduce risk by validating against past estimates and actual project results and by quickly identifying discrepancies and omissions.
- Effectively grow your business and your backlog by using your existing estimating data and logic.
- Empower your estimating team to simultaneously analyze multiple quotes for multiple scopes of work and then choose the subs and suppliers who provide the best value.

## HAVE THE DETAILED DATA NECESSARY TO TAKE IMMEDIATE CORRECTIVE ACTION TO STAY ON TIME AND ON BUDGET.

- Gain insight into project performance with earned values for both cost and schedule analysis.
- Evaluate multiple what-if forecasts to determine the most accurate option and use our multiple forecast methods to deliver valid month-end projections.
- Compare forecasts across time periods to identify any outliers that require immediate attention.
- Easily manage budget versions, moves and contract changes as they occur and as the project progresses.
